FEATURED EQUIPMENT, PRODUCTS & SERVICES

SEW-EURODRIVE's X.e Series: Robust, High-Torque Drive Solutions for the Mining and Aggregate Industries

Conveyors & Components | SEW-EURODRIVE

Bucket elevator and conveyor operation times in the mining and aggregate industries differ considerably concerning operating hours: some conveying systems only operate sporadically, while...

Dings Stationary Electromagnets

Conveyors & Components | Dings Company Magnetic Group

If Tramp Metal is Rare in Your Process but Must be Removed then... Sometimes Simpler is Better. Dings Stationary Electromagnet Installed Dings Overhead Stationary Electromagnet's deep...

Stedman's Mega-Slam™ Primary Horizontal Shaft Impactors (HSI)

Crushing & Accessories | Stedman Machine Company

Stedman Machine Company is a U.S.-based manufacturer of industry-leading, premium-impact-style crushers for the aggregate industry. We listen to our customers and develop custom solutions...

Advanced Detection Systems' SurroundScan Protector Series: Metal Detection Engineered for Aggregates and Mining

Conveyors & Components | Advanced Detection Systems

Advanced Detection Systems' Protector Metal Detectors are designed to detect ferrous, non-ferrous and stainless-steel metal in bulk material ensuring product purity and protecting processing...

Schurco Slurry V Series Cantilever Pump

Dewatering/Thickening | Schurco Slurry

Schurco Slurry's V-Series cantilever slurry pump offers several advantages over vertical turbine and submersible pumps when handling abrasive slurries. There are no submerged bearings,...

Magnetic Drum Separators from Industrial Magnetics

Conveyors & Components | Industrial Magnetics Inc.

IMI's Magnetic Drum Separators provide ferrous metal removal from dry, bulk products in free-flowing processing systems. IMI's Magnetic Drum Separator Magnetic drum separators are continuously...

Nobel Fire Dyno Nobel's Digital Platform

Blasting & Drilling | Dyno Nobel

Who It's For: Nobel Fire is Dyno Nobel's digital platform that seamlessly integrates with large operators' complex digital ecosystems while simultaneously providing a holistic solution...

Richwood's Complete Transfer Chute Design, A Practical Approach

Conveyors & Components | Richwood

Complete Transfer Chute Design, A Practical Approach Persistent challenges in traditional chute design have been a long-standing concern —material blockages, improper loading on conveyors, excessive chute...

Crisp Industries Specializes in Design and Construction of New Aggregate Material Systems

Conveyors & Components | Crisp Industries Inc.

Crisp Industries specializes in design and construction of new aggregate material systems, as well as custom fitting major additions to customers' existing operations. Our...

Deister Offers Super-Duty Dewatering Solution

Dewatering/Thickening | Deister Machine Company Inc

Deister dewatering screens offer a super-duty dewatering solution that delivers cost-efficient processing with deeper beds of material, and at higher tonnages, versus that of...

Unlocking Maximum Crushing Efficiency: Value-Added Solutions for Success from ME Elecmetal

Crushing & Accessories | ME Elecmetal

We design solutions to help our customers achieve their goals by combining wear parts with technology tools, advice, training, and monitoring — all of...
